Plaintiffs,

v.

FIRST DATABANK, INC., a Missouri
Corporation; and McKESSON
CORPORATION, a Delaware Corporation,

Defendants

Civil Action No. 1:05-CV-11148-PBS

SETTLEMENT AGREEMENT AND RELEASE

This Settlement Agreement and Release (this “Agreement”) is submitted pursuant to Rule 23 of the Federal Rules of Civil Procedure. Subject to the approval of the Settlement Court, this Agreement is entered into between and among (1) the Class Representatives on behalf of themselves and the Private Payor Class (the “Plaintiffs”) and (2) Defendant First DataBank, Inc. (“First DataBank” or “FDB”), by and through their respective counsel.

WHEREAS, there is pending in the United States District Court for the District of Massachusetts a civil proceeding (the “Class Action”) in which the Plaintiffs have alleged, *inter alia*, that Defendants, including

First DataBank, wrongfully increased the so-called WAC to AWP markup factor applied to numerous prescription pharmaceuticals through a scheme begun in late 2001 and 2002, thereby causing members of the proposed Private Payor Class, whose payments for pharmaceuticals are tied to the published AWP, to make substantial excess payments for those pharmaceuticals.

WHEREAS, First DataBank, a publisher of information that is not now, nor ever was, a manufacturer, supplier, wholesaler, distributor, or seller of prescription pharmaceuticals, asserts a number of legal and factual defenses to the claims by the Plaintiffs and denies any wrongdoing or liability whatsoever;

WHEREAS, Class Settlement Counsel have concluded, after discovery and investigation of the facts and after carefully considering the circumstances of the Class Action, including the claims asserted in the complaint filed in the Class Action and the possible legal and factual defenses thereto, that it would be in the best interests of the Plaintiffs to enter into this Agreement, which interests include the substantial prospective value to be derived by this Settlement and the interest in avoiding the uncertainties of litigation and to assure that the benefits reflected herein are obtained for the Plaintiffs; and, further, that Class Settlement Counsel consider the settlement set forth herein to be fair, reasonable and adequate and in the best interests of the Plaintiffs and of the proposed Private Payor Class;

WHEREAS, the proposed Private Payor Class is comprised of (1) third-party payors, including, but not limited to, self-insured employers, health and welfare plans, private health insurers (including private plans that cover government employees and/or retirees by reason of their current or past governmental employment), and (2) individual consumers (“Consumers”), in the United States, who paid for all or part of the purchase price of certain prescription pharmaceuticals based in whole or in part upon the Average Wholesale Price (“AWP”), Blue Book AWP (“BBAWP”) or similar data published or disseminated by First DataBank electronically or otherwise, during the Class Period.

WHEREAS, First DataBank, through their counsel, after vigorous, arms-length negotiations, have conditionally agreed (i) to cease to publish the AWP (known in the FDB database as the BBAWP field) for pharmaceutical products, after a two year notice period, and (ii) to adjust the WAC to AWP mark up on certain pharmaceuticals, all as provided in this Agreement;

WHEREAS, First DataBank, despite its belief that it has valid and complete defenses to the claims asserted against them in the Class Action, have nevertheless agreed to enter into this Agreement to reduce and avoid further expense, inconvenience, and the distraction of burdensome and protracted litigation, and thereby to resolve this controversy;

NOW, THEREFORE, it is agreed by and between the undersigned on behalf of First DataBank and the Plaintiffs that any and all claims made or that could have been made against First DataBank by Plaintiffs in the Class Action be settled, compromised and dismissed on the merits and with prejudice and, except as hereafter provided, without costs as to Plaintiffs or First DataBank, subject to the approval of the Settlement Court, on the following terms and conditions:

1. Private Payor Class Definition. Subject to the Settlement Court's approval, and the conditions of Paragraph 15, the undersigned agree and consent to the certification pursuant to Fed. R. Civ. P. 23(b)(1) 23(b)(2) and 23(b)(3) of the following settlement class (the "Private Payor Class") in the Class Action:

All individual persons or entities who, during the Class Period, made purchases and/or paid, whether directly, indirectly, or by reimbursement, for all or part of the purchase price of prescription pharmaceuticals, including, but not limited to, those pharmaceuticals listed on the attached Exhibit A, where any or all of the purchase price, reimbursement or payment amount was based in any part on the Average Wholesale Price, Blue Book Average Wholesale Price, or similar data published or disseminated by First DataBank, Inc., electronically or otherwise, and which such Average Wholesale Price, Blue Book Average Wholesale Price, or similar data published or disseminated by First DataBank, Inc., electronically or otherwise, in whole or part, was based on a FDB wholesale survey. Excluded from the class are Defendants, their respective present and former, direct and indirect, parents, subsidiaries, divisions, partners and affiliates; the United States government, its officers, agents, agencies and departments, and all other federal, state or local government entities' claims, to the extent such governmental entities purchased and/or paid, whether directly or by reimbursement, for all or part of the

cost of prescription pharmaceuticals as benefits provided pursuant to a legislatively enacted public health and welfare entitlement program.

2. General Definitions. As used in this Agreement, the following terms shall have the indicated meanings:

“Class Period” means January 1, 2000 through the date the the Settlement Court enters a Final Order and Judgment in the Class Action.

“Consumer” means any person falling within the definition of the Private Payor Class who is a natural person or other legal entity and not a TPP. “Consumer” includes living persons as well as the executors, heirs, administrators, trustees, or other authorized representatives of deceased persons.

“Consumer Class Members” means Consumers who are not Class Opt-Outs.

“Court” or “Settlement Court” means the Honorable Patti B. Saris of the United States District Court for the District of Massachusetts, or if Judge Saris is not available, another judge from the United States District Court for the District of Massachusetts who will be designated by Judge Saris or who is appointed, or any subsequent court before which First DataBank’s Counsel and Class Settlement Counsel agree to settle the claims of the Private Payor Class.

“Class Member” means any person or entity falling within the definition of the Private Payor Class set forth in Paragraph 1 other than any Class Opt-Outs.

“Class Settlement Counsel” means the law firms of Hagens Berman Sobol Shapiro LLP, Spector Roseman & Kodroff, Wexler Toriseva Wallace LLP, and Edelson & Associates, LLC.

“Class Opt-Out” means any person or entity falling within the definition of the Private Payor Class set forth in Paragraph 1 who timely and validly submits a request for exclusion from the Private Payor Class in accordance with the procedures set forth in the Settlement Notice. A Class Opt-Out that is a Consumer is also referred to as a “Consumer Opt-Out.” A Class Opt-Out that is a TPP is also referred to as a “TPP Opt-Out.”

“Class Representatives” means the named plaintiffs who have asserted claims on behalf of themselves and a putative class in the Class Action.

“FDB Data Room” means a facility or web-based site, maintained by First Databank at its own expense for a period of three (3) years from the Effective Date, for the purpose of facilitating reasonable access to discoverable material from FDB. “Discoverable Material” as used herein means any and all material created during the period

January 1, 2000 to the date of the entry of the Final Order and Judgment, located pursuant to a reasonable search, which falls into any of the following categories:

- (a) all non-privileged materials previously produced by First DataBank as a party or non-party in other litigation or civil proceedings which relate to the price reporting and/or price data acquisition activities of FDB;
- (b) all transcripts of testimony of employees taken, and affidavits of employees filed, in any civil proceedings pertaining to the price reporting and/or price data acquisition activities of FDB;
- (c) all non-privileged documents or other materials evidencing all communications between FDB and any other persons (e.g., third party payors, pharmacy chains, independent pharmacies, pharmacy benefit managers, pharmaceutical price reporting entities, government entities) concerning the price reporting and/or price data acquisition activities of FDB.
- (d) All non-privileged documents or other materials evidencing pharmaceutical price lists, price catalogues, and/or other price data acquisition efforts and materials.

First DataBank shall continue to supplement the FDB Data Room with relevant non-privileged material located up to the date of the Final Order and Judgment as provided herein. As used herein the term “non-privileged materials” means all responsive materials not protected from disclosure by the attorney-client privilege, work-product immunity, trade secret or other confidentiality obligations, First Amendment, or other applicable privileges or immunities. In the event of the assertion of a privilege or immunity, First DataBank shall maintain in its possession and make part of the material provided in the FDB Data Room a privilege

log containing that information required by law to demonstrate the existence of any privilege or immunity being asserted with respect to any documents created during the period from January 1, 2000 through December 31, 2003.

“FDB wholesale survey” means any actions taken by FDB, its employees or agents, to obtain from one or more drug wholesalers information relating to its catalogue or list pricing information for, or mark-up applied to, a manufacturer’s line of products or a specific product by any means, either written or oral.

“First DataBank” means First DataBank, Inc.

“First DataBank’s Counsel” means the Office of General Counsel, The Hearst Corporation.

“Effective Date” has the meaning ascribed in Paragraph 7 of this Agreement.

“Pharmaceutical Purchase” means payment or reimbursement, direct or indirect, for all or part of the cost of a pharmaceutical, including, but not limited to, those pharmaceuticals listed on the attached Exhibit A, prescribed, provided or administered in the United States; including, but not limited to, the AWP-based payment or partial payment for or reimbursement of the price or part of the price of a pharmaceutical to any doctor, medical practice, hospital, pharmacy

or any other health care provider, or the payment of any AWP-based co-insurance, deductible or other amount that, in whole or in part, is based on or affected by the AWP or BBAWP for such pharmaceuticals pursuant to an insurance agreement or other health care plan. As stated, the term “Pharmaceutical Purchases” is limited to transactions where the cost, payment, reimbursement amount or price of the pharmaceutical was based, in whole or in part, on the Average Wholesale Price, the Blue Book AWP, or similar data published or disseminated by First DataBank, Inc, electronically or otherwise, and which such Average Wholesale Price, Blue Book Average Wholesale Price, or similar data published or disseminated by First DataBank, Inc., electronically or otherwise, in whole or part, was based on a FDB wholesale survey.

“Plaintiffs” means the Class Representatives together with all putative members of the Private Payor Class.

“Publishing Competitor” means an entity that is not a subsidiary or affiliate of First DataBank that is engaged in the business of publishing or disseminating electronic integrateable drug information databases and has more than \$5 million in annual revenue.

“Releasees” or “Released Entities” means First DataBank, Inc., its parent, subsidiaries, and affiliates and their (including First DataBank Inc.’s) past, present and future officers, directors, trustees, employees, agents, attorneys, shareholders, predecessors, successors

and assigns; provided, however, that Medispan, a division of Wolters Kluwer Health, Inc., its parent, subsidiaries, and affiliates and their (including Medispan's) past, present and future officers, directors, trustees, employees, agents, attorneys, shareholders, predecessors and assigns (collectively referred to herein as "Medispan") are excluded from the term Releasees and Released Entities, except for (1) the period when Medispan was owned by First DataBank, and (2) the period from December 19, 2001 to and including October 2, 2004, when First DataBank was required to divest the Medispan business and provide related editorial and consulting services to Medispan, which during these periods (1) and (2) above, Medispan is included in the term Releasees and Released Entities.

"Released Claims" means any and all known or unknown claims, demands, actions, suits, causes of action, damages whenever incurred whether compensatory or exemplary, liabilities of any nature or under any theory whatsoever, including costs, expenses, penalties and attorneys' fees, in law or equity, that any Releasor who has not timely excluded themselves from the Private Payor Class, whether or not they object to the settlement, ever had or now has, directly, representatively, derivatively or in any capacity, arising out of any conduct, events or transactions relating to the collection, calculation, formulas, mark-up, determination, dissemination, publication of, and representations concerning, the AWP or BBAWP or similar data published or

disseminated by First DataBank, Inc. electronically or otherwise for any prescription pharmaceuticals, including but not limited to, the allegations contained in the action entitled *New England Carpenters Health Benefits Fund et al. v. First Databank, Inc., et al.*, Civil Action No. 1:05-CV-11148 (D.Mass.).

“Releasors” means any and all Class Members, as well as their respective present and former, direct and indirect, parents, subsidiaries, divisions, partners and affiliates, their respective present and former stockholders, officers, directors, employees, managers, agents, attorneys and any of their legal representatives, any future operating entities created and controlled by a Class Member (not including any successor of an Opt-Out), and any predecessors, successors, heirs, executors, trustees, administrators and assigns of each of the foregoing, all in their capacities as such, and any entities or persons (including, to the extent that a TPP Class Member administered their Pharmaceutical Purchases, all entities for which any TPP Class Member provides or provided administrative services) on whose behalf the Class Member is authorized to act. All Released Claims are forever discharged, and such claims cannot be asserted by any of Releasors’ future, direct and indirect, parents, subsidiaries, divisions, partners and affiliates, their respective future stockholders, officers, directors, employees, managers, agents, attorneys and any of their legal

representatives, or any successors, heirs, executors, trustees, administrators, or assigns of each of the foregoing. As used in this Paragraph, “affiliates” means entities controlling, controlled by or under common control with a Releasor.

“Settlement Notice” means the Notice of Pendency and Proposed Settlement of Class Action, and Settlement Hearing substantially in the form annexed hereto as Exhibit B and the Summary Notice for publication annexed hereto as Exhibit C.

“Third-Party Payor” or “TPP” means a private or quasi-governmental entity that paid or was at risk by contract to pay all or part of the cost of Pharmaceutical Purchases for individual or group beneficiaries of the TPP’s prescription drug or health coverage including, but not limited to, self-insured employers, health and welfare plans, private health insurers (including private plans that cover government employees and/or retirees by reason of their current or past governmental employment). Excluded are Defendants, their respective present and former, direct and indirect, parents, subsidiaries, divisions, partners and affiliates; the United States government, its officers, agents, agencies and departments, and all other federal, state or local government entities’ claims, to the extent such governmental entities purchased and/or paid, whether directly or by reimbursement, for all or

part of the purchase price of prescription pharmaceuticals as non-employee public benefits provided pursuant to a legislative enactment.

“TPP Class Members” means any person or entity falling within the definition of the Private Payor Class, excluding any Class Opt-Outs, who also fall within the definition of Third-Party Payor.

“United States” means the United States of America including its states, commonwealths, territories and possessions.

“WAC to AWP Markup” means the number applied by FDB to the Wholesale Acquisition Cost (“WAC”), or if the WAC is not available then to the direct price (“DIR”) of a pharmaceutical as reported by the manufacturer, in order to determine the AWP or BBAWP to be used in First DataBank’s publications.

3. Reasonable Best Efforts to Effectuate This Settlement.

Consistent with the terms of this Agreement and notwithstanding the rights of the parties to terminate this Agreement at certain times, the parties and their counsel agree to use their reasonable best efforts, including all steps and efforts contemplated by this Agreement and any other reasonable steps and efforts that may be necessary or appropriate, by order of the Settlement Court or otherwise, to carry out the terms of this Agreement.

4. Motion for Preliminary Approval. Concurrent with or shortly following the submission of this Agreement for consideration by the Settlement Court, Class Settlement Counsel shall submit to the Settlement Court a motion for preliminary approval of the settlement set forth in this Agreement, requesting entry of a Preliminary Approval and Settlement Class Order substantially in the form annexed hereto as Exhibit D.

5. Notice to Class. In the event the Settlement Court preliminarily approves the settlement set forth in this Agreement, Class Settlement Counsel shall, in accordance with Rule 23 of the Federal Rules of Civil Procedure and the Preliminary Approval Order, by mail, provide all those members of the Private Payor Class who can be identified by reasonable means with a copy of the detailed Settlement Notice substantially in the form annexed hereto as Exhibit B. Notice to members of the Private Payor Class shall also be given by publication in national print media of the Summary Notice, substantially in the form annexed hereto as Exhibit C or as otherwise ordered by the Settlement Court, and by publication on the web site established by Class Settlement Counsel or the Notice Agent. In addition, all members of the nationwide Private Payor Class shall be directed to review a copy of the detailed Settlement Notice which will be published on the web site and will be mailed to any nationwide Private Payor Class Member upon

request. All costs of Settlement Notice as well as the retention of a notice consultant to effectuate notice, shall be paid exclusively by First DataBank as further provided in this Agreement in Paragraph 12.

6. Entry of Final Judgment. If, after the settlement fairness hearing scheduled by the Settlement Court in the Preliminary Approval and Settlement Class Order, the Settlement Court preliminarily approves this Agreement, then counsel for the parties shall request that the Settlement Court enter an Order and Final Judgment substantially in the form annexed hereto as Exhibit E.

7. Effective Date of Settlement. The settlement detailed in this Class Agreement shall be effective on the first date after all of the following events have occurred: (1) entry of the Preliminary Approval and Settlement Class Order substantially in the form annexed hereto as Exhibit D, or entry of a Preliminary Approval and Settlement Class Order not substantially in the form annexed hereto with respect to which neither First DataBank nor Class Settlement Counsel invoke their termination rights within the period prescribed in Paragraph 8 below; (2) final approval by the Settlement Court of this Agreement, following notice to the Private Payor Class and a fairness hearing, as prescribed by Rule 23 of the Federal Rules of Civil Procedure; (3) entry by the Settlement Court of an Order and Final Judgment, substantially in the form set forth in Exhibit E annexed hereto; and, (4) the expiration of any time for

appeal or review of such Order and Final Judgment, or, if any appeal is filed and not dismissed, after such Order and Final Judgment is upheld on appeal in all material respects and is no longer subject to review upon appeal or review by writ of certiorari, or, in the event that the Settlement Court enters an order and final judgment in a form other than that provided above ("Alternative Judgment") and none of the parties hereto elect to terminate this Class Agreement as permitted by Paragraph 8, the date that such Alternative Judgment becomes final and no longer subject to appeal or review; and 4) this Agreement is no longer subject to termination by any party as provided for in Paragraph 8.

8. Termination.

(A) REJECTION OR MATERIAL ALTERATION OF SETTLEMENT TERMS. First DataBank and Class Settlement Counsel shall each have the right to terminate this Agreement by providing written notice of their election to do so ("Termination Notice") to each other within thirty (30) days of (1) the Settlement Court declining to enter the Preliminary Approval and Settlement Class Order substantially in the form annexed hereto as Exhibit D; (2) the Settlement Court declining to enter the Order and Final Judgment substantially in the form annexed hereto as Exhibit E; (3) the date upon which the Order and Final Judgment is modified or reversed in any material respect by the U.S. Court of Appeals or the U.S. Supreme Court; or (4) the date upon which an Alternative Judgment is

modified or reversed in any material respect by the U.S. Court of Appeals or the U.S. Supreme Court.

(B) TPP OPT OUTS. If First DataBank, in its sole discretion, determines that the number or identity of the TPP Class Members who request exclusion from the class is unsatisfactory, First DataBank shall be entitled to terminate this Agreement. The parameters under which First DataBank likely would exercise its discretion under this paragraph will be set forth in a Supplemental Agreement between the parties which will be filed under seal with the Settlement Court.

(C) STATE ATTORNEYS GENERAL: During the period between the filing of a proposed Order for Preliminary Approval and ten (10) days before the date set by the Court for a hearing on final approval of the settlement embodied by this Agreement (the "Fairness Hearing"), First DataBank, shall seek written assurance of a lack of current interest in the prosecution or filing of claims based upon the allegations contained in the Class Action complaint or substantially in the form of the claims raised in the Class Action from State Attorneys General that have inquired, or may wish to inquire, about the terms of this Agreement. If more than one such State Attorneys General affirmatively declines to provide such written assurance described above, then First Databank shall have a right to terminate this Agreement. If First DataBank elects to exercise the option to terminate as set forth in this paragraph, written

notice of such election must be provided to Class Settlement Counsel so as to be received no later than 5:00 pm eastern time on the tenth (10th) day prior to the first date for the scheduled Fairness Hearing. For purposes of the Settlement, the term State refers to the States of the United States, the District of Columbia, the territories, possessions, and commonwealths of the United States.

(D) RETURN TO PRE-AGREEMENT STATUS. In the event any of the parties exercise the right of termination enumerated in this paragraph, the stipulation concerning the certification of the Private Payor Class as defined in Paragraph 1 shall be null and void, the rights and obligations of the parties shall be identical to those prior to the execution of this Agreement and the status of the Class Action shall be as it was prior to the execution of this Agreement. In the event either party exercises any right of termination, First DataBank will have a reasonable opportunity to conduct non-repetitive discovery and to raise and have heard any dispositive motions with respect to the claims against it. However, FDB, if it exercises a right of termination, will make every reasonable effort to adhere to the case schedule set by the Court in the Class Action.

9. Settlement Consideration. Subject to the provisions hereof, and in full, complete and final settlement of all Released Claims as provided herein, First DataBank agrees to the following:

(A) CHANGE IN PRICE REPORTING

(1) ADJUSTMENT OF THE WAC TO AWP MARKUP. On a date which is no later than (1) sixty (60) days after the Effective Date of this Agreement, or (2) 270 days from the entry by the Settlement Court of a Preliminary Approval Order in substantially the form annexed hereto as Exhibit D, First DataBank shall adjust, i.e., change, the WAC to AWP Markup it utilizes for all pharmaceuticals listed on Exhibit A to 1.20. As for other pharmaceuticals in the First DataBank database, to the extent that others are on a mark up factor basis and have a WAC to AWP mark up of less than 1.20, First Databank covenants and agrees that it shall not increase the WAC to AWP Markup for those pharmaceuticals in whole or in any part by reason of the adjustment on other pharmaceuticals made pursuant to this paragraph. Subject to the provisions of paragraph (9)(A)(3) below, First DataBank will not at any time thereafter increase the WAC to AWP Markup of any pharmaceutical above 1.20 unless a different methodology for determining WAC, AWP or mark ups is adopted as contemplated by paragraph 9 (A)(3) or 9(A)(6).

(2) DISCONTINUE PUBLICATION OF BBAWP. Subject to the provisions of paragraph (9)(A)(3) below, on a date which is no later than two (2) years from the Effective Date of this Agreement, First DataBank shall discontinue publishing, electronically or otherwise, the BBAWP data field for any pharmaceutical. First DataBank shall use the

two year period described herein to notify its customers of the change in its publications contemplated by this paragraph.

(3) REACTION TO PUBLISHING COMPETITOR.

Notwithstanding paragraph (9)(A)(2) above, if at the time First DataBank is required to discontinue publication of the BBAWP data field by operation of this Agreement, or any time thereafter, a Publishing Competitor is or becomes engaged in the business of publishing or disseminating an electronically integrateable BBAWP field or other substantially similar drug pricing benchmark, First DataBank shall have the option to continue or resume to publish or disseminate a substantially similar data field in accordance with the methodology utilized by a Publishing Competitor or the revised methodology specified in Paragraph 9(A)(1) of this Agreement. However, to the extent the Publishing Competitor's revised methodology differs from the methodologies permitted by paragraphs 9(A)(1) or 9(A)(6) but nonetheless includes application of a WAC to AWP mark-up factor, FDB's publication of a substantially similar data field will be limited to the methodologies permitted by paragraphs 9(A)(1) or 9(A)(6), or the methodology employed by the Publishing Competitor provided it results in a WAC to AWP mark-up factor less than that proscribed by paragraph 9(A)(1). If at any time thereafter, the Publishing Competitor or Publishing Competitors which caused First DataBank to continue to publish its AWP or BBAWP data fields in accordance with this Agreement ceases to publish an AWP field

for all pharmaceuticals, First DataBank shall discontinue publishing the AWP and BBAWP data fields for all pharmaceuticals. After discontinuing to publish the BBAWP data field, First DataBank may not at any time thereafter resume publishing or disseminating that same data field unless the actions of another Publishing Competitor thereafter entitles First DataBank to relief from the obligations of paragraph 9 (A)(2) pursuant to the provisions of this paragraph.

(4) JURISDICTION DURING NOTICE PERIOD. As provided in the proposed Final Judgment and Order attached hereto as Exhibit E, the Settlement Court shall maintain continuing jurisdiction over any issues relating to this Agreement, including but not limited to the publication of the AWP or BBAWP prices during the two year notice period prescribed in Paragraph 9(A)(2).

(5) MEDIATION. First DataBank shall participate with other major participants in the pharmaceutical industry, including, but not limited to, pharmaceutical manufacturers, retail pharmacies, prescription benefit managers Private and Third Party Payor representatives, and experts, in a Settlement Court-approved mediation process meant to facilitate the establishment of a sustainable benchmark for pharmaceutical reimbursement. Class Settlement Counsel shall have the right to comment to the Court regarding the form and structure of

the settlement mediation process, and may propose to the Court participants in the mediation process.

(6) VERIFIABLE WHOLESALE PRICES. Notwithstanding anything to the contrary in this Agreement, to the extent that, as a result of changes in law, regulation or industry practice, verifiable pharmaceutical wholesale price information becomes available, First DataBank may publish such information.

(B). ACCESS TO INFORMATION

(1) FDB DATA ROOM: First DataBank shall establish and maintain for a period of three (3) years from the Effective Date, at its expense, an FDB Data Room and provide reasonable access to the FDB Data Room and its contents to all members of the Private Payor Class and Class Settlement Counsel in connection with any claim or potential claim brought or contemplated against other defendants in litigation involving pharmaceutical pricing and reimbursement, including, but not limited to, all plaintiffs with cases currently pending in *In Re Pharmaceutical Industry Average Wholesale Price Litigation*, MDL 1456. Nothing herein shall constitute a representation by Class Settlement Counsel as to the scope, completeness, accuracy or integrity of the information provided by First DataBank to the FDB Data Room. The scope, completeness, accuracy or integrity of the information is solely the responsibility of First DataBank. The establishment and maintenance of

the FDB Data Room does not constitute a waiver on the part of First DataBank of any attorney-client, work product, trade secret, or other confidentiality obligations, First Amendment, and/or other applicable privileges or immunities to discovery. In the event of the assertion of a privilege or immunity, First DataBank shall maintain in its possession and provide as part of the information maintained in the FDB Data Room a privilege log containing that information required by law to demonstrate the existence of any privilege or immunity being asserted with respect to any documents created during the period from January 1, 2001 through December 31, 2003. Any dispute arising with respect to a claim of privilege or immunity shall be brought to the attention of and resolved by the Settlement Court after the parties meet and confer in an attempt to resolve the dispute(s) in accordance with Local Rules. First DataBank shall cooperate with Class Settlement Counsel to establish that the documents produced by First DataBank in the Class Action as well as the documents and information included in the FDB Data Room, are authentic and business records maintained in the ordinary course of business.

In its sole discretion, First Databank may provide others with access to the FDB Data Room as well. As a condition to obtaining access to the FDB Data Room, First DataBank may require that one seeking access enter into reasonable confidentiality agreement and/or agree to be bound by any applicable protective orders.

As set forth in the proposed Final Order and Judgment, attached hereto as Exhibit E, no member of the Private Payor Class shall be permitted to serve FDB, its parents, subsidiaries, affiliates, directors, officers, or employees (past or present) in any action with any discovery requests, requests to admit, or subpoenas seeking materials or deposition or trial testimony in connection with any claim or potential claims brought against other defendants in connection with litigation involving pharmaceutical pricing and reimbursements without (1) reviewing the materials placed in the FDB Data Room, and then (2) demonstrating by motion before the Settlement Court that the requested discovery, testimony, or requests to admit are substantially non-repetitive and which they in good faith believe cannot be substantially obtained from the materials located in the FDB Data Room. As set forth in the proposed Final Order and Judgment attached hereto as Exhibit E, the parties shall request that the Court exercise its authority under the All Writs Act to enforce the provisions of this paragraph.

(2) EMPLOYEE INTERVIEWS: In connection with litigation captioned *In Re Pharmaceutical Industry Average Wholesale Price Litigation*, MDL 1456 (“AWP MDL”), FDB will cooperate with and facilitate the interview of certain FDB employees involved in the drug price reporting and price data acquisition activities of FDB. FDB will use its reasonable best efforts to identify to Settlement Class Counsel the FDB employees, present and former, who have had such involvement. The

interviews shall be conducted by Class Settlement Counsel, or their designees, and may, at the election of Class Settlement Counsel, be given under oath and otherwise conducted in accordance with Fed.R.Civ.P.

30(c). The individuals to be interviewed shall be those who Class Settlement Counsel reasonably, and in good faith, determine can provide non-repetitive factual information concerning the drug price reporting and price data acquisition activities of FDB. If transcripts are made, said transcripts shall be placed in the FDB Data Room and made available to all Class Members in accordance with Paragraph 9(B)(1).

(3) EMPLOYEE TRIAL TESTIMONY: First DataBank shall make reasonable efforts to make its employees and officers with relevant knowledge available for trial testimony in connection with (1) any trial of claims against the remaining defendant or defendants in the Class Action, (2) any trial in the AWP MDL, and (3) any trial of claims similar to those brought by Plaintiffs in the AWP MDL, brought by State Attorneys General. First DataBank shall take reasonable steps to facilitate the service on such employees of subpoenas issued at the request of counsel compelling their attendance at trial as set forth above. First DataBank shall also request that their former employees attend and testify at any such trial.

10. Attorneys' Expenses and Fees and Fee Disputes. The parties agree that an award of attorneys' fees in this action is a matter

committed to the sole discretion of the Settlement Court. Settlement Class Counsel shall, within twenty (20) days after the filing for preliminary approval, submit an application for attorneys' fees and expenses to the Settlement Court in an amount that shall not exceed (1) \$625,000.00 in fees, (2) \$125,000 for the maintenance of the FDB Data Room for a period of three (3) years from the Effective Date, and (3) \$200,000.00 in expenses exclusive of amounts expended by FDB pursuant to Paragraph 12 below. The Settlement Court shall determine the appropriate amount of any attorneys fees and expenses to be paid to Settlement Class Counsel. Such fees and expenses approved by the Settlement Court shall be paid exclusively by First DataBank up to the amounts indicated above, exclusive of amounts expended by First DataBank pursuant to Paragraph 12 below, within twenty (20) days after the Effective Date. Upon payment of the attorneys' fees and expenses as awarded by the Settlement Court, Settlement Class Counsel shall release and forever discharge any claims, demands, actions, suits, causes of action, or other liabilities relating to any attorneys' fees or expenses incurred in the Class Action.

11. All Claims Satisfied. Each Private Payor Class Member shall look solely to the relief described in Paragraph 9 of this Agreement for settlement and satisfaction, as provided herein, of all Released Claims.

12. Payment of Expenses Related to Notice and Administration.

First DataBank shall be liable for all expenses associated with the provision of notice to the members of the Private Payor Class and all costs associated with the administration of the settlement embodied by this Agreement, including the fee for professional services rendered by Kinsella/Novak Communications, Ltd., 2120 L Street NW, Suite 205, Washington, DC or, if not reasonably available, another firm agreed to by FDB and Class Counsel (the "Class Notice Consultant"). In addition to direct mail notice to TPPs, notice to Class Members shall also be accomplished by a program of notice publication designed to achieve a reasonable reach and frequency commensurate with the reach and frequency sought in other pharmaceutical pricing litigation notice programs, as reasonably determined by the Class Notice Consultant.

13. Releases. Upon the Effective Date of this Class Agreement the Released Entities shall be released and forever discharged from any Released Claims that any Releasor who has not timely excluded themselves from the Private Payor Class. All Releasors covenant and agree that they shall not hereafter seek to establish liability against any Released Entity based, in whole or in part, on any of the Released Claims, and that upon the Effective Date, all Releasors will be forever barred and enjoined from commencing, filing, initiating, instituting, prosecuting, maintaining, or consenting to any action against any Released Entity with respect to the Released Claims.

In addition, each Class Member hereby expressly waives and releases, upon this Agreement becoming effective, any and all provisions, rights and benefits conferred by § 1542 of the California Civil Code, which reads:

Section 1542. General Release; extent. A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which if known by him must have materially affected his settlement with the debtor;

or by any law or any state or territory of the United States, or principle of common law, which is similar, comparable or equivalent to § 1542 of the California Civil Code. Each Class Member may hereafter discover facts other than or different from those which he, she or it knows or believes to be true with respect to the claims which are the subject matter of this Agreement, but each Class Member hereby expressly waives and fully, finally and forever settles and releases, upon this Agreement becoming effective, any known or unknown, suspected or unsuspected, contingent or non-contingent Released Claims with respect to the subject matter of this Agreement whether or not concealed or hidden, without regard to the subsequent discovery or existence of such different or additional facts. Each Class Member also hereby expressly waives and fully, finally and forever settles and releases any and all Released Claims it may have against Released Entities under § 17200, *et seq.*, of the California Business and Professions Code, which claims are expressly incorporated

into this Paragraph. Further, Releasors hereby agree to reduce any judgment they might recover against any entity other than a Released Entity by release and discharge in an amount, fraction, portion, or percentage necessary under applicable state or federal law to bar, eliminate, or satisfy claims against the Released Entities for contribution and/or indemnity to the fullest extent permitted by applicable state or federal law arising from any Released Claims, including any amount re-allocated by applicable state or federal statute or common law to Released Entities resulting from uncollectibility and/or insolvency of other persons or entities determined to be at fault. In addition, Releasors agree to indemnify the Released Entities herein and save and hold them harmless from any claims, demands, causes of action, subrogation claims, liens, and claims for contribution or indemnity, made by others so adjudged jointly liable or severally liable with the Released Entities arising from any of the Released Claims, whether such is alleged to arise by reason of judgment, settlement, reallocation of fault in the event of insolvency or uncollectibility of any award, or otherwise. A Releasor may satisfy such indemnity obligation by reducing any judgment recovered by such Releasor against a party other than a Released Entity by the amount, percentage, or share of such judgment necessary, under applicable law, to relieve the Released Entities of liability for contribution and/or indemnity. Releasors shall execute any additional

documentation that may be required under applicable state or federal law in order to give effect to this provision.

14. Preservation of Rights. The parties hereto agree that this Agreement, whether or not the Effective Date occurs, and any and all negotiations, documents and discussions associated with it shall be without prejudice to the rights of any party, shall not be deemed or construed to be an admission or evidence of any violation of any statute or law, of any liability or wrongdoing by First DataBank or of the truth of any of the claims or allegations contained in the complaint in the Class Action; and evidence thereof shall not be discoverable or used directly or indirectly by the Private Payor Class or any third party, in any way (except that the provisions of this Agreement may be used by the parties to enforce its terms), whether in the Class Action or in any other action or proceeding. This Agreement and all of the terms herein constitute compromises and offers to compromise covered by Federal Rule of Evidence 408. In the event that this Agreement is terminated pursuant to Paragraph 8, nothing in this Class Agreement or its negotiation may be used as evidence in any action between the parties hereto. The parties expressly reserve all their rights and defenses if this Agreement does not become final and effective substantially in accordance with the terms of this Agreement.

15. Class Certification For Settlement Purposes Only. First DataBank stipulates to certification of the Private Payor Class as defined in Paragraph 1 for settlement purposes only, and for the sole purpose of creating that settlement class. First DataBank's stipulation is contingent upon the execution by the parties of this Agreement and that this Agreement is finally approved by the Settlement Court and is not terminated pursuant to the terms of this Agreement. If the Agreement is for any reason not finally approved, or is otherwise terminated, First DataBank reserves the right to reassert all objections and defenses to certification of any class for trial purposes, and Plaintiffs will not offer First DataBank's stipulation to certification as part of this Agreement as any evidence in support of a motion to certify any class for trial purposes.

16. Consent to Jurisdiction. First DataBank and Plaintiffs hereby irrevocably submit to the exclusive jurisdiction of the Settlement Court for purposes of any suit, action, proceeding or dispute arising out of, or relating to, this Agreement or the applicability of this Agreement, including any issues arising or regarding the establishment and maintenance of the FDB Data Room and the information and materials contained therein.

17. Resolution of Disputes: Retention of Jurisdiction. Any disputes between or among First DataBank and any Class Members

concerning matters contained in this Agreement shall, if they cannot be resolved by negotiation and agreement, be submitted to the Settlement Court for resolution. The Settlement Court shall retain jurisdiction over the implementation and enforcement of this Agreement.

18. Enforcement of Settlement. Notwithstanding Paragraph 14 above, this Agreement may be pleaded as a full and complete defense to any action, suit or other proceeding that has been or may be instituted, prosecuted or attempted with respect to any of the Released Claims and may be filed, offered and received into evidence and otherwise used by any of the Released Entities for such defense and/or in support of injunctive relief against any such action, suit or other proceeding.

19. Binding Effect. This Agreement shall be binding upon, and inure to the benefit of, the successors and assigns of the parties hereto.

20. Authorization to Enter Class Agreement. The undersigned representatives of First DataBank represent that they are fully authorized to enter into and to execute this Agreement on behalf of First DataBank. Class Settlement Counsel represent that they are fully authorized to conduct settlement negotiations with First DataBank's Counsel on behalf of the Plaintiffs and to enter into, and to execute, this Agreement on behalf of Plaintiffs, subject to Settlement Court approval pursuant to Fed. R. Civ. P. 23(e).

21. No Party Is the Drafter. None of the parties hereto shall be considered to be the drafter of this Agreement or any provision hereof for the purpose of any statute, case law or rule of construction that would or might cause any provision to be construed against the drafter hereof.

22. Choice of Law. All terms of this Agreement shall be governed by and interpreted according to the substantive laws of the State of New York without regard to its choice of law or conflict of laws principles.

23. Amendment or Waiver. This Agreement shall not be modified in any respect except by a writing executed by all the parties hereto, and the waiver of any rights conferred hereunder shall be effective only if made by written instrument of the waiving party. The waiver by any party of any breach of this Agreement shall not be deemed or construed as a waiver of any other breach, whether prior, subsequent or contemporaneous, of this Agreement.

24. Execution in Counterparts. This Agreement may be executed in counterparts. Facsimile signatures shall be considered as valid signatures as of the date thereof, although the original signature pages shall thereafter be appended to this Agreement and filed with the Settlement Court.

25. Integrated Agreement. This Agreement, including the exhibits hereto, together with the Supplemental Agreement and any

exhibits thereto, contain an entire, complete, and integrated statement of each and every term and provision agreed to by and between the parties hereto, and supersede all prior oral or written agreements and contemporaneous oral agreements among the parties.

26. Construction. This Agreement shall be construed and interpreted to effectuate the intent of the parties, which is to provide, through this Agreement, for a complete resolution of the Released Claims with respect to the Released Entities.

27. Notices. All notices and other communications required or permitted under this Agreement shall be in writing and delivered in person, by overnight delivery service or by facsimile. Any such notice shall be deemed given as of the date of receipt and shall be delivered to the parties as follows:

If To Plaintiffs:

Thomas M. Sobol
Hagens Berman Sobol Shapiro LLP,
One Main St., 4th Floor
Cambridge, MA 02142
Tel. 617-482-3700
Fax: 617-482-3003

Steve W. Berman
Hagens Berman Sobol Shapiro LLP,
1301 Fifth Avenue, Suite 2900
Seattle, WA 98101
Tel. 206-623-7292
Fax: 206-623-0594

Jeffrey Kodroff
Spector, Roseman & Kodroff, P.C.
1818 Market Street, Suite 2500
Philadelphia, PA 19103
Tel. 215-496-0300
Fax: 215-496-6611

If To First DataBank:

Eve Burton
Office of the General Counsel
The Hearst Corporation
1345 Avenue of the Americas
New York, NY 10019
Tel. 212-649-2045
Fax: 215-649-2041

28. Severability. In the event any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision if First DataBank and Class Settlement Counsel mutually elect to proceed as if such invalid, illegal or unenforceable provision had never been included in the Agreement.

29. Headings. The headings to this Agreement have been inserted for convenience only and are not to be considered when construing the provisions of this Agreement.

30. Public Statement. Class Settlement Counsel and First DataBank shall, upon execution of this Agreement, each issue a public

statement with respect to the settlement embodied by this Agreement.
The content of the public statement is to be agreed upon by the parties
prior to release.

IN WITNESS WHEREOF, the parties hereto, through their fully
authorized representatives, have executed this Class Agreement as of the
date first written below.

UNITED STATES DISTRICT COURT – DISTRICT OF MASSACHUSETTS

**If You Are a Consumer or Third-Party Payor that
Paid for All or Part of the Cost of Prescription Drugs Based
in any Part on Price Information Reported by
First DataBank, Inc.,
A Proposed Class Action Settlement May Affect Your Rights**

*The District Court has authorized this Notice. It is not a solicitation from a lawyer.
You are not being sued.*

[Insert in Spanish: For More Information On this Proposed Settlement Visit www.xxxx]

- There is a Proposed Settlement with one of the Defendants in a class action lawsuit pending in the U.S. District Court for the District of Massachusetts. The name of the lawsuit is *New England Carpenters Health Benefits Fund v. First DataBank, Inc.*, No. 1:05-CV-11148-PBS. This case is presided over by Judge Patti B. Saris of the U.S. District Court for the District of Massachusetts.
- First DataBank, Inc. (“FDB”) publishes data related to the price of prescription drugs. One of the data fields FDB publishes is called the Blue Book Average Wholesale Price (“BBAWP”). The published BBAWP of a drug is often used to determine: a.) what insurance companies and Third-Party Payors (“TPPs”) will reimburse for these drugs, b.) the amount of co-payments for consumers who pay a percentage co-pay, and c.) the price paid by consumers who pay the full price of drugs at pharmacies. FDB is not, nor has it ever been a manufacturer, supplier, wholesaler, distributor, or seller of prescription drugs.
- The lawsuit claims that in or about 2001 FDB and a large pharmaceutical wholesaler, McKesson, wrongfully inflated the markup factor used to determine the BBAWP that applies to numerous prescription pharmaceuticals. Plaintiffs allege that as a result, insurers and other TPP and some consumers paid more for these prescription drugs than they otherwise would have from 2001 forward. The lawsuit asks the Court to prohibit FDB from using the inflated markup factor.
- FDB has entered into a Proposed Settlement with the Plaintiffs and has agreed to apply a lower the markup factor for certain identified prescription drugs, potentially lowering the published BBAWPs for these drugs. FDB also agreed, subject to some exceptions, to cease publishing the BBAWP or similar average wholesale price fields within two years and to provide other assistance in connection with remaining pending litigation. Consumers and TPPs will not obtain any monetary damages directly from this Proposed Settlement, but may benefit from lower prescription drug prices due to the

lowered markup used to determine the BBAWP. McKesson has not settled these claims and remains a Defendant in the litigation.

The Court will decide whether to order final approval of the Proposed Settlement with FDB in this case.

A Summary of Your Rights and Choices:

*Your Legal Rights Are Affected Even If You Do Not Act.
Read This Notice Carefully.*

You May:		Due Date:
<i>Remain in the Class</i>	<i>Stay in the lawsuit</i> If you wish to stay in the Class you do not need to do anything. You will not be able to sue FDB for the claims in this lawsuit and you will also be bound by the Court's decisions concerning the Proposed Settlement. See Question 8.	<u>N/A</u>
<i>Exclude Yourself</i>	<i>Get out of the Class.</i> You can write and ask to get out the Class and keep your right to sue FDB on your own about the claims in the lawsuit. See Questions 11 and 12.	<u>Postmarked</u> <u>by</u> <u>Month Date</u> <u>2007</u>
<i>Object to the Proposed Settlement</i>	<i>Object or comment on the Proposed Settlement.</i> If you don't exclude yourself, you can appear and speak in the lawsuit on your own or through your own lawyer to object or comment on the Proposed Settlement. (Class Counsel has been appointed to represent you.) See Question 13.	<u>Postmarked</u> <u>by</u> <u>Month Date</u> <u>2007</u>

WHAT THIS NOTICE CONTAINS

BASIC INFORMATION

1. Why did I get this Notice?..... 4
2. What is the lawsuit about?..... 4
3. Why is this a class action?..... 5
4. Why is there a Proposed Settlement?..... 5
5. Who is a Private Payor Class Member?..... 5
6. How do I know if I am included in the Proposed Settlement?..... 6

BENEFITS OF THE PROPOSED SETTLEMENT – WHAT YOU GET

7. What does the Proposed Settlement provide? 7

REMAINING IN THE CLASS

8. What happens if I do nothing and stay in the Class?8
9. If I remain in the Class what claims am I specifically giving up?.....8

THE COURT'S FINAL APPROVAL HEARING

18. When and where will the Court decide on whether to grant final approval of the Proposed Settlement?..... 12
19. Must I attend the Final Approval Hearing?.....12
20. May I speak at the Final Approval Hearing? 12

GETTING MORE INFORMATION

21. Where do I obtain more information?..... 13

BASIC INFORMATION

1. Why did I get this Notice?

You received this Notice because you are a consumer or TPP that may have made payments or reimbursements for certain pharmaceutical products between January 1, 2000 and the date the Court enters a Final Order, based in whole or in part on the BBAWP for those drugs and the prices you paid for these drugs may have been inflated by the BBAWP reported by FDB. You may also have requested this Notice after seeing the Summary Notice in a publication. If so, the lawsuit may affect you.

This Notice explains:

- What the lawsuit and Proposed Settlement are about.
- What the lawsuit claims and what FDB says about the claims.
- Who is affected by the Proposed Settlement.
- Who represents the Class in the lawsuit.
- What your legal rights and choices are.
- How and by when you need to act.

2. What is the lawsuit about?

FDB is a Defendant publisher that publishes certain data related to the prices of prescription pharmaceuticals in its printed and electronic databases including the BBAWP of each pharmaceutical. Pharmaceutical manufacturers often report the Wholesale Acquisition Cost ("WAC") to FDB. FDB then applies a markup factor to the WAC to derive the BBAWP reported in its publications and databases. FDB is not, nor has it ever been a manufacturer, supplier, wholesaler, distributor or seller of prescription drugs. FDB is a publisher of information.

The published BBAWP of a drug is often used as a benchmark by pharmacies, insurance companies and other TPPs to set the price of drugs for consumers who pay the full price of drugs at pharmacies and to determine what insurance companies and TPPs will reimburse for these drugs. Also, the co-payments made by certain consumers, those who pay a percentage of the cost of their prescription drugs rather than a flat co-payment amount, may also be determined based on the same BBAWP data.

FDB purports to have relied upon pharmaceutical manufacturers and wholesalers to provide information relating to their drug prices for purposes of publishing the BBAWP data field. Pharmaceutical manufacturers often reported what is known as the Wholesale Acquisition Cost ("WAC"), Direct Price ("DP") and Suggested Wholesale Price ("SWP") to FDB. FDB purports to have surveyed pharmaceutical wholesalers to determine the average mark-up applied to a drug, with the average mark-up of the responding wholesalers applied against the WAC, DP or SWP with the resulting value determining the BBAWP data field.

Plaintiffs claim that in 2001 FDB and a large pharmaceutical wholesaler, McKesson wrongfully inflated the markup factor used to determine the BBAWP that applies to numerous prescription pharmaceuticals. This allegedly caused members of the Class (TPPs and some consumers), whose payments for pharmaceuticals are tied to the published BBAWP, to make substantial excess payments for those pharmaceuticals. Plaintiffs also claim that despite representations that it conducted surveys of wholesalers of pharmaceuticals to determine their BBAWP, FDB either failed to conduct those surveys or failed to conduct adequate surveys. The lawsuit alleges such legal theories as negligent representation, conspiracy, fraud and violations of consumer protection statutes.

FDB has denied any wrongdoing. The Proposed Settlement is not an admission of wrongdoing or an indication that any law was violated. FDB has entered into this Proposed Settlement solely to avoid further expense, inconvenience, and the burden of this litigation and any other present or future litigation arising out of the facts that allegedly gave rise to this litigation. FDB wishes to avoid the distractions and diversion of their personnel and resources. It also wishes to put to rest this controversy and to avoid the risks inherent in uncertain complex litigation. The Court has not ruled on the merits of Plaintiffs' claims or on the defenses made by FDB.

3. Why is this a class action?

In a class action lawsuit, one or more people called "class representatives" sue on behalf of people who have similar claims. The people together are a "class" or "class members." The court must determine if it will allow the lawsuit to proceed as a class action. If it does, a trial of the claims then decides the lawsuit for everyone in the class or the parties may settle without a trial. Here, the Plaintiffs and FDB have agreed to a Proposed Settlement. The Court has preliminarily approved the Proposed Settlement for a class of individuals and entities that purchased drugs based on the BBAWP data field published by FDB.

4. Why is there a Proposed Settlement?

A settlement is the resulting agreement between a plaintiff and defendant following extended negotiation. Settlements conclude litigation but are not a result of the court ruling in favor of the plaintiff or defendant. The settlement enables both parties to avoid the cost and risk of a trial, and ultimately establish a just, fair and final resolution that is best for all involved. The class representatives and their attorneys make the determination that the settlement is the best result for all class members and the Court is asked to approve the settlement as fair, reasonable and adequate. If the Court approves the settlement, the defendants are then released from any liability based upon the alleged wrongful conduct that is the subject of the litigation.

Class Settlement Counsel and FDB have engaged in extensive, arms-length negotiations regarding the issues presented in this litigation and the possible terms of a settlement. FDB wants to settle the Plaintiffs' claims in this litigation and Settlement Class Counsel believe the Proposed Settlement is fair, reasonable and adequate and in the best interests of the Class.

5. Who is a Class Member?

The Class consists of all individual persons or entities that made purchases and/or paid, whether directly, indirectly, or by reimbursement, for all or part of the purchase price of prescription pharmaceuticals, including but not limited to those identified on Exhibit A to the Settlement Agreement. (To obtain a copy of the Settlement Agreement see Question 21.)

- The purchases must have been made from January 1, 2000 through the date the Court enters a Final Order and Judgment in the Class Action.
- Any part of the purchase price, reimbursement or payment amount must have been based on the BBAWP or similar data published or disseminated by FDB, electronically or otherwise.

Consumers who made flat co-payments for their prescription pharmaceuticals were not affected by FDBs alleged actions and are not Class Members. Flat co-payments are those that do not differ with the cost of the drug. Consumers who have flat co-pays that are tiered (i.e. one flat price for all brand named drugs and another flat co-payment for generic drugs) are also not Class Members.

Also not included in the Class are the Defendants and their present or former, direct and indirect, parents, subsidiaries, divisions, partners and affiliates; the United States government, its officers, agents, agencies and departments and all other federal, state or local government entities if they paid for all or part of the prescription pharmaceuticals as non-employee public benefits enacted by legislation.

6. How do I know if I am included in the Proposed Settlement?

Unless you exclude yourself as described in Question 12 of this Notice, you are a member of the Class and will be included in the Proposed Settlement if you are:

- A consumer who paid for all or part of the price of a prescription drug based on the BBAWP published by FDB, or
- A TPP that reimbursed for drugs based on the BBAWP published by FDB.

A TPP is an entity that is:

- (a) A party to a contract, issuer of a policy, or sponsor of a plan, *and*
- (b) At risk, under such contract, policy, or plan, to pay or reimburse all or part of the cost of prescription drugs dispensed to covered natural persons.

TPPs include insurance companies, union health and welfare benefit plans and self-insured employers. Entities with self-funded plans that contract with a health insurance company or other entity to serve as a third-party claims administrator to administer their prescription drug benefits qualify as TPPs. Private plans that cover government employees and/or retirees are also included. (For a more comprehensive definition of Third-Party Payors refer to the Settlement Agreement. Question 21 provides instruction on how to obtain a copy of the Settlement Agreement).

BENEFITS OF THE PROPOSED SETTLEMENT

7. What does the Proposed Settlement provide?

The Proposed Settlement does not provide cash payments by FDB to Class Members. But substantial benefit is provided to the Class because FDB will lower the markup factor used to determine the BBAWP for certain pharmaceuticals for which they publish price information. This may result in a reduction in the prices for these pharmaceuticals. This reduction has been estimated to save over a billion dollars for consumers, insurance providers and TPPs in just a single 12-month period. Within 2 years, FDB will also cease to publish the BBAWP data field, subject to certain exceptions. In addition, FDB will cooperate as outlined below in providing information on pharmaceutical pricing in connection with other litigation. This may provide additional benefits to Class Members in other pharmaceutical pricing litigation.

Specifically, FDB will:

- (a) Reduce the WAC to BBAWP markup it utilizes for all pharmaceuticals listed on Exhibit A to the Settlement Agreement to 1.20. Currently, the pharmaceuticals on Exhibit A have a WAC to BBAWP markup of 1.25. As for other pharmaceuticals

in the FDB database that are on a markup factor basis and have a WAC to BBAWP mark up of less than 1.20, FDB agrees that it shall not increase the WAC to BBAWP markup for those pharmaceuticals at anytime in the future.

FDB will not at any time thereafter increase the WAC to BBAWP markup of any pharmaceutical above 1.20 unless a different methodology for determining WAC, BBAWP or markups is adopted. In addition, if verifiable pharmaceutical wholesale price information becomes available as a result of changes in law, regulation or industry practice, FDB may publish such information. (This is subject to certain limitations as outlined in the Proposed Settlement Agreement.)

(b) Discontinue publishing, electronically or otherwise, the BBAWP data field for any prescription pharmaceutical within two years from the Effective Date of the Proposed Settlement. (This is subject to certain limitations as outlined in the Settlement Agreement.)

(c) Establish and maintain for a period of three (3) years from the Effective Date of the Proposed Settlement at its expense, an FDB Data Room. FDB will provide reasonable access to the FDB Data Room and its contents to all Class Members and **Class Settlement Counsel**. Access will be provided in connection with any claim or potential claim brought or contemplated against other defendants in litigation involving pharmaceutical pricing and reimbursement.

In addition, in connection with litigation *In re Pharmaceutical Industry Average Wholesale Price Litig.*, MDL 1456 ("AWP MDL"), FDB will cooperate with and facilitate the interview of certain FDB employees involved in the drug price reporting and price data acquisition activities of FDB. FDB will also make reasonable efforts to make its employees and officers with relevant knowledge available for trial testimony in connection with (1) any trial of claims against the remaining defendant or defendants in this Class Action, (2) any trial in the AWP MDL, and (3) any trial of claims similar to those brought by Plaintiffs in the AWP MDL brought by State Attorneys General.

REMAINING IN THE CLASS

8. What happens if I do nothing and stay in the Class?

If you do nothing, you will be included in the Class. You will be bound by the terms and conditions of the Proposed Settlement. You will not be able to pursue any other lawsuit against FDB concerning or related in any way to the claims alleged in this lawsuit. If the Proposed Settlement is approved, Plaintiffs claims against FDB will be completely "released."

The Proposed Settlement provides that the claims against FDB will be released and members of the Class will never be able to file a lawsuit for any claim related to this lawsuit. All Class Members agree that they will not seek to file a claim against any FDB Releasee based, in whole or in part, on any of the Released Class Claims.

Class Members agree to forever release all claims even if s/he later discovers new facts regarding the claims in this lawsuit. This includes any claims whether known or unknown, suspected or unsuspected, contingent or non-contingent. All claims will be release forever whether or not the facts were concealed or hidden, without regard to the subsequent discovery or existence of such different or additional facts.

9. If I remain in the Class what claims am I specifically giving up?

"Released Claims" which shall mean any and all known or unknown claims, demands, actions, suits, causes of action, damages whenever incurred whether compensatory, punitive, or exemplary, liabilities of any nature or under any theory whatsoever. This includes costs, expenses, penalties and attorneys' fees, in law, equity, or statutory that any Class member who did not opt-out ever had or now has, directly, representatively, derivatively or in any capacity, arising out of any conduct, events or transactions relating to the collection, calculation, formulas, markup, determination, dissemination, publication of, and representations concerning, the AWP or BBAWP or similar data published or disseminated by First DataBank, Inc. electronically or otherwise for any prescription pharmaceuticals. This includes but is not limited to, the allegations contained in the action entitled *New England Carpenters Health Benefits Fund et al. v. First Databank, Inc., et al.*, Civil Action No. 1:05-CV-11148 (D.Mass.).

10. What entities am I releasing?

The Released Entities are:

- First DataBank, Inc., its parent, subsidiaries, and affiliates and their past, present and future officers, directors, trustees, employees, agents, attorneys, shareholders, predecessors, successors and assigns;
- Medispan, a division of Wolters Kluwer Health, Inc., its parent, subsidiaries, and affiliates and their (including Medispan's) past, present and future officers, directors, trustees, employees, agents, attorneys, shareholders, predecessors and

assigns (collectively referred to herein as "Medispan") only during the following time periods:

- (1) the period when Medispan was owned by First DataBank, and (2) the period from December 19, 2001 to and including October 2, 2004, when First DataBank was required to divest the Medispan business and provide related editorial and consulting services to Medispan.

EXCLUDING YOURSELF FROM THE PROPOSED SETTLEMENT CLASS

11. What do I do if I don't want to be in the Proposed Settlement?

If you are a consumer or a TPP and you don't want to be in the Class and you want to keep the right to sue FDB about the same claims on your own, you must take steps to get out of the Class. This is called excluding yourself. By excluding yourself, you keep the right to file your own lawsuit or join another lawsuit against FDB about the claims in this lawsuit. If you exclude yourself from the Class, you will not be in the Proposed Settlement.

12. How do I exclude myself from the Class?

If you are a consumer and wish to exclude yourself from the Class, you can (a) fill out and mail the opt-out form attached to the back of this Notice or (b) send a letter signed by you that includes all of the following:

- Your name, address, and telephone number;
- The name and number of the lawsuit: *New England Carpenters Health Benefits Fund v. First DataBank, Inc.*, No. 1:05-CV-11148-PBS;
- If you have hired your own lawyer, the name, address, and telephone number of your lawyer; and
- A statement that you want to be excluded from the Class.

If you are a TPP and wish to be excluded from the Class, you can (a) fill out and mail the opt-out form attached to the back of this Notice or (b) send a letter signed by you that includes all of the following:

- The name, address, and telephone number of the TPP;
- The name and number of the lawsuit: *New England Carpenters Health Benefits Fund v. First DataBank, Inc.*, No. 1:05-CV-11148-PBS;
- The tax identification number for the TPP;
- A statement that the individual signing the letter is authorized to act on behalf of the TPP;
- If you have hired your own lawyer, the name, address, and telephone number of your lawyer; and
- A statement that you want to be excluded from the Class.

If a TPP seeks to act on behalf of other TPPs for which it administers pharmaceutical benefits, the exclusion letter must also include the tax identification numbers for each entity seeking to be excluded. It must also include a statement that the individual signing the letter has the authority to act on behalf of such entity either expressly or by contract.

All exclusion letters must be mailed first class, **postmarked on or before [Month Date,] 2006**, to:

FDB AWP Litigation Administrator
P.O. Box xxx
City, State Zip code

Please remember that you can't exclude yourself by phone or by sending an email.

COMMENTING ON THE PROPOSED SETTLEMENT

13. Can I object to or comment on the Proposed Settlement?

If you have comments about, or disagree with, any aspect of the Proposed Settlement, including the requested attorneys' fees or the expense reimbursement plan, you may express your views to the Court through a written response to the Proposed Settlement. The written response should include your name, address, telephone number and a brief explanation of your reasons for objection. The document **must** be signed to ensure the Court's review. The response must be postmarked no later than **Month, Day 2007** and mailed to:

Clerk of Court
John Joseph Moakley U.S. Courthouse
1 Courthouse Way, Suite 2300
Boston, Massachusetts 02210

In addition, your document must clearly state that it relates to the following Civil Action Number:

No. 1:05-CV-11148-PBS

14. What is the difference between objecting to the Proposed Settlement and excluding myself from the Proposed Settlement?

An objection to the Proposed Settlement is made when you wish to remain a Class Member and be subject to the Proposed Settlement, but disagree with some aspect of the Proposed Settlement. An objection allows your views to be heard in Court. In contrast, exclusion means that you are no longer a Class Member and ultimately do not want to be subject to the Proposed Settlement's terms and conditions. Once excluded, you lose any right to object to the Proposed Settlement or to the attorneys' fees because the case no longer affects you.

THE LAWYERS REPRESENTING YOU

15. Do I have a lawyer representing my interests in this case?

Yes. The Court has appointed the following law firms to represent you and other Class Members:

Hagens Berman Sobol Shapiro LLP
www.hagens-berman.com
1301 Fifth Avenue, Suite 2900
Seattle, WA 98101

and

One Main Street, 4th Floor
Cambridge, MA 02142

Mark H. Edelson
Edelson & Associates LLC
45 West Court Street
Doylestown, PA 18901

Spector Roseman & Kodroff, PC
www.srk-law.com
1818 Market Street, Suite 2500
Philadelphia, PA 19103

Wexler Toriseva Wallace LLP
www.wtwlaw.us
One North LaSalle St., Suite 2000
Chicago, IL 60602

These lawyers are called Class Counsel. You won't be charged personally for these lawyers, but they will ask the Court to award them a fee. More information about Class Counsel and their experience is available at the Web sites listed above.

16. How will the lawyers be compensated?

Class Counsel will request that the Court award attorneys' fees and expenses. Subject to Court approval, FDB will pay the fees and expenses that the Court awards, not to exceed (a) \$625,000 in fees, (b) \$125,000 for the maintenance of the FDB Data Room for a period of three years, and (c) \$200,000 in expenses. This amount is exclusive of amounts expended in connection with notice to Class Members that shall be paid by FDB. Again, if you choose to hire your own attorney, you will be responsible for that attorney's fees and expenses.

17. Should I get my own lawyer?

You don't need to hire your own lawyer, but if you want your own lawyer to speak for you or appear in Court, you must file a Notice of Appearance (*see* Question 20 to find out how to submit a Notice of Appearance). If you hire a lawyer to appear for you in the lawsuit, you will have to make your own arrangement for that lawyer's compensation.

Exhibit 4

Legal Notice

UNITED STATES DISTRICT COURT – DISTRICT OF MASSACHUSETTS

If You Are a Consumer Who Paid For All or Part of the Cost of Prescription Drugs,

A Proposed Class Action Settlement May Affect Your Rights

There is a Proposed Settlement with First DataBank ("FDB"), one of the Defendants in a class action lawsuit pending in the U.S. District Court for the District of Massachusetts. The name of the lawsuit is *New England Carpenters Health Benefits Fund v. First DataBank, Inc.*, No. 1:05-CV-11148-PBS.

What is the Class Action Lawsuit About?

FDB is a Defendant trade publication that reports certain pharmaceutical drug prices in printed and electronic databases. Pharmaceutical manufacturers often report the Wholesale Acquisition Cost ("WAC") to FDB. FDB then applies a markup factor to the WAC to derive the Average Wholesale Price ("AWP") or the Blue Book AWP ("BBAWP") used in its databases. The published AWP is often used to set the price that consumers pay for prescription drugs. Insurers and other Third-Party Payors ("TPPs") also often use it to determine the reimbursement amount for these drugs.

The lawsuit claims that in late 2001 FDB conspired with McKesson, a large pharmaceutical wholesaler, to inflate the markup factor that applies to numerous prescription drugs. As a result, consumers, insurers and TPPs paid more for these drugs than they should have from 2001 forward. McKesson has not agreed to settle these claims and remains a Defendant in the lawsuit.

Who is a Member of the Private Payor Class?

The Class includes all individual persons or entities who, between January 1, 2000 and [date of Final Order], made purchases and/or paid, whether directly or indirectly, or by reimbursement, for all or part of the purchase price of prescription pharmaceuticals. Any or all of the purchase price must have been based on the AWP or BBAWP or similar data published or disseminated by FDB. Consumers who made flat co-payments for their prescription pharmaceuticals were not affected by FDB's actions and are not Class Members. Flat co-payments are those that do not differ with the cost of the drug.

What Are the Terms of the Settlement?

The Proposed Settlement does not provide cash payments by FDB to Class Members. However, substantial benefit is provided to the Class because FDB will:

- Reduce the WAC to AWP markup factor for thousands of pharmaceuticals for which they publish price information. This reduction has been estimated to save well over a billion dollars in future drug costs for consumers, insurers and TPPs in just a single 12-month period.

- Cease to publish an AWP or BBAWP within two years of the Proposed Settlement approval.
- Establish and maintain an FDB Data Room for use in related litigation.
- Cooperate in providing information on pharmaceutical pricing in connection with this and other litigation. This will likely provide additional benefits, including monetary benefits, to Private Payor Class Members in other pharmaceutical pricing litigation.

The *Notice of Proposed Class Action Settlement*, available below, has more detailed information on the Proposed Settlement Terms.

Who Represents Me?

The Court has appointed Class Counsel to represent everyone in the Class. Subject to Court approval, FDB will pay fees and expenses of Class Counsel that the Court awards not to exceed \$625,000 in fees, \$125,000 for the maintenance of the FDB Data Room for a period of 3 years and \$200,000 in expenses. FDB will also pay the cost of notice to Class Members. You may hire your own attorney, if you wish. However, you will be responsible for that attorney's fees and expenses.

What Are My Legal Rights?

- **If you wish to remain a member the Class**, you do not have to do anything. You will be bound by all the Court's orders. This means you will drop any claims you may have against FDB that are covered by the Proposed Settlement.
- **If you do not wish to be a member of the Class**, you must sign a Request For Exclusion form as outlined in the *Notice of Proposed Class Action Settlement* postmarked no later than Month Date, 2007. Visit www.XXXXX.com or call 1-800-XXX-XXXX to obtain the Notice.
- **You can tell the Court if you do not like this Proposed Settlement** or some part of it if you do not exclude yourself. To object or comment, you must send a letter that is mailed and postmarked no later than Month Date, 2007, as outlined in the *Notice of Proposed Class Action Settlement*.

Will the Court Approve the Proposed Settlement?

The Court will hold a Final Approval Hearing on _____ at _____ to consider whether the Proposed Settlement is fair, reasonable, and adequate and the motion for attorneys' fees and expenses. If comments or objections have been received, the Court will consider them at this time.

CORPORATION, a Delaware corporation,

Defendants.

C.A. No. 1:05-CV-11148-PBS

**[PROPOSED] ORDER GRANTING PRELIMINARY APPROVAL OF THE
FIRST DATABANK, INC. SETTLEMENT, CERTIFYING CLASS FOR
PURPOSES OF SETTLEMENT ONLY, DIRECTING NOTICE TO THE CLASS
AND SCHEDULING A FAIRNESS HEARING**

WHEREAS, this matter has come before the Court pursuant to a Joint Motion for Preliminary Approval of Proposed Settlement, Certification of Class for Purposes of Settlement Only, and Approval of Form and Manner of Notice (the "Motion"); and

WHEREAS, the Court finds that it has jurisdiction over these actions and each of the parties for purposes of settlement pursuant and that venue is proper in this district; and

WHEREAS, this Court has conducted a preliminary approval hearing on _____, 2006 and is otherwise fully advised in the premises and on considering the record of these proceedings, the representations, argument, and recommendation of counsel for the moving parties, and the requirements of law:

IT IS HEREBY ORDERED THAT:

I. Preliminary Approval of the Settlement Agreement and Certification of Settlement Classes

1. The terms of the Settlement Agreement and Release between plaintiffs and defendant First DataBank, Inc. ("FDB"), dated August 3, 2006, including all exhibits thereto (the "Proposed Settlement Agreement" or "Proposed Settlement" annexed hereto as Exhibit A) are preliminarily approved, subject to further consideration thereof at the Fairness Hearing provided for below. This Order incorporates herein, and makes a part hereof, the Settlement Agreement and Release, including the Exhibits thereto. Unless otherwise provided herein, the terms defined in the Proposed Settlement Agreement shall have the same meaning in this Order. The Proposed Settlement was entered into at arms-length by experienced counsel and only after extensive arms-length negotiations lasting many months. The Proposed Settlement is not the result of collusion. The Proposed Settlement bears a probable, reasonable relationship to the claims alleged by plaintiffs and the litigation risks of plaintiffs as well as FDB. The Proposed Settlement is sufficiently within the range of reasonableness so that notice of the Proposed Settlement should be given as provided by this Order. The Court finds that the settlement embodied in the Settlement Agreement is sufficiently within the range of reasonableness so that notice of the Settlement Agreement should be given as provided below.

2. The Court finds, on a preliminary basis for settlement purposes only, that the Rule 23 factors are present and that certification of the Class, as defined and set forth below, is appropriate pursuant to Fed. R. Civ. P. 23(b)(1), 23(b)(2), and 23(b)(3):

"Class" or "Private Payor Class" is defined as follows:

All individual persons or entities who, during the Class Period, made purchases and/or paid, whether directly, indirectly, or by reimbursement,

for all or part of the purchase price of prescription pharmaceuticals, including, but not limited to, those pharmaceuticals listed on the attached Exhibit A to the Proposed Settlement Agreement, where any or all of the purchase price, reimbursement or payment amount was based in any part on the Average Wholesale Price ("AWP"), Blue Book Average Wholesale Price ("BBAWP"), or similar data published or disseminated by First DataBank, Inc., electronically or otherwise, and which such Average Wholesale Price, Blue Book Average Wholesale Price, or similar data published or disseminated by First DataBank, Inc., electronically or otherwise, in whole or part, was based on a FDB Wholesale Survey. Excluded from the class are: (1) Defendants, their respective present and former, direct and indirect, parents, subsidiaries, divisions, partners and affiliates; (2) the United States government, its officers, agents, agencies and departments, and all other federal, state or local government entities' claims, to the extent such governmental entities purchased and/or paid, whether directly or by reimbursement, for all or part of the cost of prescription pharmaceuticals as benefits provided pursuant to a legislatively enacted public health and welfare entitlement program, and (3) Class Opt-Outs.

The Class Period is from January 1, 2000 through the date the Settlement Court enters a Final Order and Judgment in the Class Action.

"Class Member" means any person or entity falling within the definition of the Private Payor Class other than any Class Opt-Outs.

"Class Opt-Out" means any person or entity falling within the definition of the Private Payor Class who timely and validly submits a request for exclusion from the Private Payor Class in accordance with the procedures set forth in the Settlement Notice. A Class Opt-Out that is a Consumer is also referred to as a "Consumer Opt-Out." A Class Opt-Out that is a TPP is also referred to as a "TPP Opt-Out."

"FDB Wholesale Survey" means any actions taken by FDB, its employees or agents, to obtain from one or more drug wholesalers information relating to

its catalogue or list pricing information for, or mark-up applied to, a manufacturer's line of products or a specific product by any means, either written or oral.

“Pharmaceutical Purchase” means payment or reimbursement, direct or indirect, for all or part of the cost of a pharmaceutical, including, but not limited to, those pharmaceuticals listed on the attached Exhibit A, prescribed, provided or administered in the United States; including, but not limited to, the AWP-based payment or partial payment for or reimbursement of the price or part of the price of a pharmaceutical to any doctor, medical practice, hospital, pharmacy or any other health care provider, or the payment of any AWP-based co-insurance, deductible or other amount that, in whole or in part, is based on or affected by the AWP or BBAWP for such pharmaceuticals pursuant to an insurance agreement or other health care plan. As stated, the term “Pharmaceutical Purchases” is limited to transactions where the cost, payment, reimbursement amount or price of the pharmaceutical was based, in whole or in part, on the Average Wholesale Price, the Blue Book AWP, or similar data published or disseminated by First DataBank, Inc, electronically or otherwise, and which such Average Wholesale Price, Blue Book Average Wholesale Price, or similar data published or disseminated by First DataBank, Inc., electronically or otherwise, in whole or part, was based on a FDB Wholesale Survey.

3. Specifically, the Court preliminarily finds for settlement purposes only that the proposed Class described above satisfies the following factors of Rule 23(a) and Rules 23(b)(1), 23(b)(2), and 23(b)(3):

Rule 23(a)

- (a) Numerosity: Numerosity is established the size of the proposed class, even if an exactly determined, is sufficiently large to make joinder impracticable, given the relevant circumstances. *In re Relafen Antitrust Litig.*, 22 F.R.D. 260, 267 (D. Mass 2004)(Young, J.) In this settlement, the proposed class encompasses thousands of third party payors (welfare funds, self insured employers, for profit and not for profit health insurers which provide prescription drug benefits) that have asserted claims or potential claims against the settling defendant. Thus, the Rule 23(a)(1) numerosity requirement has been met.
- (b) Commonality: Generally, the commonality requirement is easily met, provided that at least one common question of law or fact exists. *In re AWP*, 230 F.R.D. at 78. Therefore, claims all hinge on common questions. These elements would be established by common class-wide proof. They demonstrate common questions sufficient to satisfy Rule 23(a)(2).

The numerous common factual and legal issues to be decided include, but are not limited to, the following:

- a. The publication of AWP and BBAWP data fields as a common event upon which all of plaintiffs' and proposed Class members' claims rely;
- b. Whether Defendants engaged in a course of conduct that improperly inflated the WAC-to-AWP markup and the ultimate AWP's used by plaintiffs and Class members as the basis for reimbursement;
- c. Whether Defendants artificially inflated the published AWP's for the drugs that are the subject of this complaint;
- d. Whether Defendants engaged in a pattern and practice that caused Plaintiffs and Class members to make inflated payments for the AWP's;
- e. Whether Defendants engaged in a pattern of deceptive and/or fraudulent activity intended to defraud Plaintiffs and the Class members;
- f. Whether Defendants formed enterprises for the purpose of carrying out the 5% Scheme;
- g. Whether Defendants used the U.S. mails and interstate wire facilities to carry out the 5% Scheme;
- h. Whether Defendants' conduct violated RICO and various

California statutes and common law; and

- i. Whether Defendants are liable to Plaintiffs and the Class members for damages for conduct actionable under the various state consumer protection statutes.
- (c) Typicality: The proposed class representatives' claims arise from the same course of conduct and share the same legal theory, as do the claims of the putative Class members. Furthermore, the proposed class representatives will advance the interests of all class members. The proposed class representatives' claims are typical of those of the proposed Class and satisfy Rule 23(a)(3).
- (d) Adequacy: The proposed class representatives assert claims representative of the claims of the entire class with regard to pharmaceutical purchases. As such, even though the claims may not be identical to every claim of every putative Class member, the proposed class representatives can adequately represent the putative Class.

The adequacy factor also considers Class Counsel. In this case, Class Counsel regularly engage in complex litigation similar to the present case and have dedicated substantial resources to the prosecution of this matter. The adequacy requirement is satisfied.

Rule 23(b)(1)

By this Final Order and Judgment, the Court is hereby ordering FDB to fulfill the terms of the Settlement Agreement. Specifically, consistent with the terms of the Settlement Agreement, FDB must adjust the WAC to AWP markup to 1.20, FDB is enjoined from publishing the BBAWP data field for any pharmaceutical consistent with the terms of the Settlement Agreement (except under certain circumstances as defined in the Settlement Agreement), and FDB must establish and maintain an FDA Data Room as defined in the Settlement Agreement and provide other access to information consistent with the terms of the Settlement Agreement. In light of this injunctive relief, inconsistent adjudications with respect to individual members of the Class would establish incompatible standards of conduct for FDB. Thus, certification under Rule 23(b)(1) is necessary and appropriate.

Rule 23(b)(2)

Plaintiffs in this case allege that FDB's policies and practices have caused them to pay inflated prices for certain pharmaceutical products. As such, plaintiffs allege that FDB has acted on grounds generally applicable to the class. Thus, Rule 23(b)(2) is satisfied.

Rule (b)(3)

- (e) **Predominance:** There is predominance. The common legal and factual issues listed above predominate and apply to all claims and defenses in the litigation. Because all class members were affected formulaically through a software code change (a change in the markup factor between two fields in a database) which is mechanistically applied to prescription drug reimbursements general causation is proved for common not individualized proof. All of these common questions constitute a significant part of each individual plaintiffs' and Class members' case. The resolution of these questions will either prove or disprove essential elements of every Class members' claims and will do so on a simultaneous, class-wide basis.
- (f) **Superiority:** A settlement class that will determine the issues common to all Class members and establish consistent remedial and injunctive relief, which is superior to numerous trials that would risk disparate results for similarly situated people and entities. The cost of litigation on a case by case basis would be extremely costly for each plaintiff and the putative Class members. Piecemeal litigation would also tax the resources of the judiciary. Moreover, piecemeal litigation could result in inconsistent adjudications and set different standards of conduct going forward for FDB and the relief requested includes injunctive relief. Consequently, the requirements of Rules 23(b)(1), 23(b)(2), and 23(b)(3) are satisfied.

In the interest of clarity, the Court notes that the Court makes the above findings set forth above regarding certification of the proposed Class subject to the provision in the Agreement which provides for vacating this order if the settlement is not consummated. The Court's findings regarding the class certification requirements of Rule 23(a) and Rule 23(b)(1), 23(b)(2), and 23(b)(3) are subject to the fairness hearing.

II Class Representatives

The Court preliminarily appoints the following as class representatives: New England Carpenters Health Benefits Fund, Pirelli Armstrong Retiree Medical Benefits Trust, Teamsters Health & Welfare Fund of Philadelphia and Vicinity; and Philadelphia Federation of Teachers Health and Welfare Fund.

III. Approval of Notice

The Court directs that Notice be provided to the Class in accord with Rule 23(b)(3) and the requirements of due process. Therefore, the Court approves the form and content of the Notice for mailing and the abbreviated Notice for publication, substantially in the forms attached hereto as Exhibits B and C to the PSA, as satisfying the requirements of Rule 23 and due process.

IV. Approval of Notice Plan

The Court directs that Kinsella Communications be confirmed to act as the Notice Agent (as defined in the PSA) and directs the Notice Agent to disseminate the Notice in the following manner, which is designed to achieve a reasonable reach and frequency commensurate with the reach and frequency sought in other pharmaceutical pricing litigation and which satisfies the requirements of Rule 23 and due process:

- (a) Publication of the Form of Notice for Publication (Exhibit C of the PSA) on _____ days over _____ in the following publications: (identify trade and/or national print publications);
- (b) Distribution by direct mail of the Form of Notice for Mailing (Exhibit B of the PSA) to all TPP Class Members that can be identified by reasonable means or who have requested a copy, which mailing shall be placed in the mail no later than _____;
- (c) [Distribution by direct mail of the Form of Notice for Mailing to the Attorney General of each State of the United States;]
- (d) [Development and management of a toll free number with an automated system providing information about the Proposed Settlement, with the ability to request copies of the Notice or the PSA, during the period from _____ up to and including _____;]
and
- (e) Development and management of a website to provide information and permit the review and downloading of the Notice, PSA and exhibits, during the period from _____ up to and including _____.

V. Appointment of Class Counsel

The Court preliminarily finds that the following counsel fairly and adequately represent the interests of the putative Class and hereby appoints the following law firms as Class Counsel pursuant to Rule 23(g): Hagens Berman Sobol Shapiro LLP; Spector Roseman & Kodroff; Wexler Toriseva Wallace LLP; and Edelson & Associates, LLC as Class Counsel for the putative Class.

VI. Fairness Hearing

The Court directs that a hearing be scheduled for _____ on final settlement approval (the "Fairness Hearing") before this Court, at the, United States District Court for the District of Massachusetts, One Courthouse Way, Boston, Massachusetts 02210, to consider, *inter alia*, the following (a) whether the Class should be certified, for settlement purposes only; and (b) the fairness, reasonableness and adequacy of the settlement. Objectors to the Proposed Settlement may be heard at the Fairness Hearing, however, no objector shall be heard and no papers or briefs submitted will be accepted or considered by the Court unless on or before _____, any such objector (1) has filed with the Clerk of the Court in writing a notice of any such objector's intention to appear personally, or, if such objector intends to appear by counsel, such counsel files a notice of appearance, (2) such objector personally or by counsel, to any of the applications before the Court, submits a written statement describing in full the basis for such objector's opposition, and attaches any supporting documentation and a list of any and all witnesses or experts whom such objector shall present to the Court, and (3) has served, on or before _____, copies of such notice(s), statement(s), documentation, and list(s) together with copies of any other papers or brief(s) that objector files with the Court or

wishes the Court to consider at the Fairness Hearing, upon: (i) Thomas M. Sobol, Hagens Berman Sobol Shapiro LLP, One Main St., 4th Floor, Cambridge, MA 02142, Class Counsel, (ii) Steve W. Berman, Hagens Berman Sobol Shapiro LLP, 1301 Fifth Avenue, Suite 2900, Seattle, WA 98101, Class Counsel, (iii) Jeffrey Kodroff, Spector, Roseman & Kodroff, P.C., 1818 Market Street, Suite 2500, Philadelphia, PA 19103, Class Counsel, and (iv) Eve Burton, Office of the General Counsel, The Hearst Corporation, 1345 Avenue of the Americas, New York, NY 10019, Counsel for First DataBank, Inc.

VII. Request For Exclusion From the Class

The Court further directs that any putative Class member wishing to exclude himself, herself or itself from the proposed Class, must sign a written request to be excluded containing the information set forth in the Notice, and any such exclusion request must be mailed to the Notice Agent at the following address _____ and postmarked (no metered postmarks) on or before _____, 2006.

VII. Other Provisions

Upon Final Approval, each and every term and provision of the Settlement Agreement and Release (except as may be modified by the Final Approval Order) shall be deemed incorporated into the Final Order and Judgment, as if expressly set forth and shall have the full force and effect of an Order of the Court.

In the event the Settlement Agreement and Release is terminated in accordance with the provisions of the Settlement Agreement, the Settlement and all proceedings had in connection therewith shall be null and void, except insofar as expressly provided in the

Settlement Agreement, and without prejudice to the *status quo ante* rights of Plaintiffs and Defendant.

Neither this Order nor the Class Agreement shall constitute any evidence or admission of liability by any Defendant, or an admission regarding the propriety of any certification of any particular class for purposes of litigation, nor shall they be offered in evidence in this or any other proceeding except to consummate or enforce the Settlement Agreement and Release or the terms of this Order, or by any Releasee in connection with any action asserting Released Claims.

SO ORDERED.

DATED: Boston, Massachusetts
This ____ day of _____, 2006

FIRST DATABANK, INC., a Missouri corpo-
ration; and McKESSON CORPORATION, a
Delaware corporation,

Defendants.

C.A. No. 1:05-CV-11148-PBS

**FINAL ORDER AND JUDGMENT CERTIFYING THE CLASS FOR
PURPOSES OF SETTLEMENT, APPROVING OF CLASS ACTION
SETTLEMENT, AND DISMISSING THE ACTION WITH PREJUDICE**

Upon considering the Joint Motion for Approval of Class Settlement (the “Joint Motion”), filed by plaintiffs and defendant First DataBank, Inc. (“FDB”), seeking approval of the Proposed Settlement Agreement (the “PSA” or the “Proposed Settlement,”) on file with the Court, dated August 7, 2006, Class Plaintiffs Memorandum of Law in Support of Joint Motion for Preliminary Approval of Proposed First DataBank Class Settlement, Certification of Settlement Class and Approval of Notice Plan, all of the supporting material submitted in conjunction with the Joint Motion, and Class Settlement, Counsel’s Motion for Approval of an Award of Attorneys’ Fees and Memorandum in Support Thereof, and on considering the record of these proceedings, the representations, argument, and recommendation of counsel for the moving parties, and the requirements of law,

IT IS HEREBY ORDERED, ADJUDGED AND DECREED that:

1. The Court has jurisdiction over the subject matter and parties to this proceeding pursuant to 28 U.S.C. § 1332.
2. Venue is proper in this district.
3. The Court finds, that the Rule 23 factors are present and that certification of the proposed Class, as defined and set forth below, is appropriate under Fed. R. Civ. P. 23(b)(1), 23(b)(2) and 23(b)(3), and hereby certifies the following Class for settlement purposes only:

The "Private Payor Class": All individual persons or entities who, during the Class Period (as defined in the PSA), made purchases and/or paid, whether directly, indirectly, or by reimbursement, for all or part of the purchase price of prescription pharmaceuticals, including, but not limited to, those pharmaceuticals listed on the attached Exhibit A, where any or all of the purchase price, reimbursement or payment amount was based in any part on the Average Wholesale Price, Blue Book Average Wholesale Price, or similar data published or disseminated by First DataBank, Inc., electronically or otherwise, and which such Average Wholesale Price, Blue Book Average Wholesale Price, or similar data published or disseminated by First DataBank, Inc., electronically or otherwise, in whole or part, was based on a FDB wholesale survey, but excluding those persons or entities set forth below.

The Class shall not include: Defendants, their respective present and former, direct and indirect, parents, subsidiaries, divisions, partners and affiliates; the United States government, its officers, agents, agencies and departments, and all other federal, state or local government entities' claims, to the extent such governmental entities purchased and/or paid, whether directly or by reimbursement, for all or part of the cost of prescription pharmaceuticals as benefits provided pursuant to a legislatively enacted public health and welfare entitlement program.

4. Specifically, the Court finds that the Class described above satisfies Fed. R. Civ. P. 23(a) and Rule 23 (b)(1), 23(b)(2), and 23(b)(3) for settlement purposes:

Rule 23(a)

- (a) Numerosity: Numerosity is established in that the size of the proposed class, , is sufficiently large to joinder in practical, given the relevant circumstances. *In re*

Relafen Antitrust Litig., 22 F.R.D. 260, 267 (D. Mass 2004)(Young, J.) In this settlement, the proposed class encompasses thousands of third party payors (welfare funds, self insured employers, for profit and not for profit health insurers which provide prescription drug benefits) that have asserted claims or potential claims against the settling defendant. Thus, the Rule 23(a)(1) numerosity requirement has been met.

- (b) Commonality: Generally, the commonality requirement is easily met, provided that at least one common question of law or fact exists. *In re AWP*, 230 F.R.D. at 78. Therefore, claims all hinge on common questions. These elements would be established by common class-wide proof. They demonstrate common questions sufficient to satisfy Rule 23(a)(2).

The numerous common factual and legal issues to be decided include, but are not limited to, the following:

- a. The publication of AWP and BBAWP data fields as a common event upon which all of plaintiffs' and proposed Class members' claims rely;
 - b. Whether Defendants engaged in a course of conduct that improperly inflated the WAC-to-AWP markup and the ultimate AWP's used by plaintiffs and Class members as the basis for reimbursement;
 - c. Whether Defendants artificially inflated the published AWP's for the drugs that are the subject of this complaint;
 - d. Whether Defendants engaged in a pattern and practice that caused Plaintiffs and Class members to make inflated payments for the AWP's;
 - e. Whether Defendants engaged in a pattern of deceptive and/or fraudulent activity intended to defraud Plaintiffs and the Class members;
 - f. Whether Defendants formed enterprises for the purpose of carrying out the 5% Scheme;
 - g. Whether Defendants used the U.S. mails and interstate wire facilities to carry out the 5% Scheme;
 - h. Whether Defendants' conduct violated RICO and various California statutes and common law; and
 - i. Whether Defendants are liable to Plaintiffs and the Class members for damages for conduct actionable under the various state consumer protection statutes.
- (c) Typicality: The proposed class representatives' claims arise from the same course of conduct and share the same legal theory, as do the claims of the putative Class members. Furthermore, the proposed class representatives will advance the inter-

ests of all class members. The proposed class representatives' claims are typical of those of the proposed Class and satisfy Rule 23(a)(3).

- (d) **Adequacy:** The proposed class representatives assert claims representative of the claims of the entire class with regard to pharmaceutical purchases. As such, even though the claims may not be identical to every claim of every putative Class member, the proposed class representatives can adequately represent the putative Class.

The adequacy factor also considers Class Counsel. In this case, Class Counsel regularly engage in complex litigation similar to the present case and have dedicated substantial resources to the prosecution of this matter. The adequacy requirement is satisfied.

Rule 23 (b)(1)

By this Final Order and Judgment, the Court is hereby ordering FDB to fulfill the terms of the Settlement Agreement. Specifically, consistent with the terms of the Settlement Agreement, FDB must adjust the WAC to AWP markup to 1.20, FDB is enjoined from publishing the BBAWP data field for any pharmaceutical consistent with the terms of the Settlement Agreement (except under certain circumstances as defined in the Settlement Agreement), and FDB must establish and maintain an FDA Data Room as defined in the Settlement Agreement and provide other access to information consistent with the terms of the Settlement Agreement. In light of this injunctive relief, inconsistent adjudications with respect to individual members of the Class would establish incompatible standards of conduct for FDB. Thus, certification under Rule 23(b)(1) is necessary and appropriate.

Rule 23(b)(2)

Plaintiffs in this case allege that FDB's policies and practices have caused them to pay inflated prices for certain pharmaceutical products. As such, plaintiffs allege that FDB has acted on grounds generally applicable to the class. Thus, Rule 23(b)(2) is satisfied.

Rule 23(b)(3)

- (e) **Predominance:** There is predominance. The common legal and factual issues listed above predominate over adjudication of all claims and defenses in the litigation. Because all class members were affected formulaically through a software code change (a change in the markup factor between two fields in a database) which is mechanistically applied to prescription drug reimbursements general causation is proved for common not individualized proof. All of these common questions constitute a significant part of each individual plaintiffs' and Class members' case. The resolution of these questions will either prove or disprove es-

sentential elements of every Class members' claims and will do so on a simultaneous, class-wide basis.

- (f) **Superiority:** A settlement class that will determine the issues common to all Class Members is superior to thousands of trials that would risk disparate results for similarly situated people and entities. The cost of litigation on a case by case basis would be extremely costly for each plaintiff and the Class Members. Piecemeal litigation would also tax the resources of the judiciary.
5. In the interest of clarity, the Court reiterates that it makes the above findings set forth in paragraph 4 regarding certification of the Class only for the purposes of settlement.
6. The Court reconfirms the appointment of the class representatives.
7. The Court approves the Proposed Settlement dated August 3, 2006, together with all of its Exhibits, on file with the Court as Exhibit A to the Joint Motion for Preliminary Approval of Class Settlement, Class Notice and Related Matters, dated _____, 2006, as being fair, adequate, and reasonable and in the best interests of the Class, satisfying Rule 23(e) and the fairness and adequacy factors of this Circuit. In particular, the Court finds that:

(a) **Fairness, Adequacy, and Reasonableness of the Proposed Settlement:**

The Court finds that the Proposed Settlement is fair, adequate, and reasonable. The facts and circumstances of the negotiations set forth in counsels' affidavits and papers demonstrate that there has been considerable arms' length bargaining and discovery in this case. A proposed class action settlement is considered presumptively fair where, as here, sufficient discovery has been provided and the parties have engaged in arms' length negotiations. *See City P'Ship*, 100 F.3d at 1043.

Although there is no single test in the First Circuit for determining the fairness, reasonableness, and adequacy of a proposed class action settlement, *see In re Compact Disc Minimum Advertised Price Antitrust Litig.*, 216 F.R.D. 197, 206 (D. Me. 2003), the fairness factors concern whether there has been arms' length bargaining. *See City P'Ship Co. v. Atlantic Acquisition Ltd. P'Ship.*, 100 F.3d 1041, 1043 (1st Cir. 1996). Courts in this Circuit consider (1) comparison of the proposed settlement with the likely result of litigation; (2) reaction of the class to the

settlement; (3) stage of the litigation and the amount of discovery completed; (4) quality of counsel; (5) conduct of the negotiations; and (6) prospects of the case, including risk, complexity, expense, and duration. *See In re Compact Disc Minimum Advertised Price Antitrust Litig.*, 216 F.R.D. 197, 206 (D. Me. 2003) (citations omitted).

1. Comparison of Settlement With Likely Result of Litigation:

Although Class Members have consistently asserted their confidence in the strength of their case, this is complex litigation for which the outcome is uncertain and unpredictable. In order to succeed on the merits, Class Members would need to succeed on several complex and hotly disputed legal and factual issues. The relief contemplated in the PSA is fair, adequate, and reasonable. Indeed, injunctive relief is frequently an appropriate remedy where, as here, class action plaintiffs seek institutional reform. The injunctive relief in this case will ensure that, in the future, the conduct of which plaintiffs have complained will cease. This result, coupled with the uncertainty of protracted litigation and trial, weighs heavily in favor of approval of this settlement.

2. Reaction of the Class to the Settlement:

Class members had until _____, 2006 to opt-out of the Class and _____, 2006 to object. As a result of the extensive Notice program ordered by the Court, there have been __ opt-outs and __ objections filed with the Court. The overall reaction to the settlement has been positive. Given the size of the class, the number of objections and opt-outs is small.

3. State of the Litigation:

This litigation has been pending for __ months. During that time (and indeed even well before the instant case was brought), Class Settlement Counsel engaged in extensive discovery and investigation, including the analysis of voluminous records of parties and non-parties, extensive data review with health care economists and the interviews or depositions of certified witnesses. Class Settlement Counsel has been consistently and vigorously preparing for trial, and such work has generated significant information about the prospects for success in this litigation. On the other hand, although extensive discovery has been conducted to ensure that the settlement is fair, adequate, and reasonable, there remains substantial litigation ahead, including extensive motion practice, trial preparation, and the trial itself. Indeed, litigation of this complex case through trial would require to millions of dollars in expenses. Given that the parties have undertaken sufficient discovery to ensure the fairness, reasonableness, and adequacy of the settlement, expenditure of these resources would be wasteful and unnecessary. The state of the litigation therefore weighs in favor of approval of the settlement.

4. Quality of Counsel:

Class Settlement Counsel are very well-qualified and experienced. Class Settlement Counsel regularly engage in complex litigation similar to the present case and have dedicated substantial resources to the prosecution of this matter. The experience and skill of all counsel involved weighs in favor of final approval of this settlement.

5. Conduct of Negotiations:

Class Settlement Counsel and Defense counsel have engaged in extensive, arms-length negotiations following extensive discovery. Indeed, negotiations leading up to the Settlement spanned almost one year and countless meetings. The complexity and duration of these negotiations weighs in favor of final approval of this settlement.

6. Case Prospects, Including Risk, Complexity, Expense, and Duration:

This case has the potential to impose enormous litigation costs on all of the parties. Indeed, although the ultimate result of a trial cannot be foreseen, absent a settlement, an expensive, complex and time-consuming process is assured. In light of the high stakes involved, a lengthy and costly appeal is certain to follow regardless of the outcome at trial. Thus, the complexity, expense and likely duration of the litigation weighs heavily in favor of final approval of this settlement.

8. [DISCUSSION OF ANY OBJECTIONS]

9. The Court holds that the Notice and notice plan as carried out satisfy the requirements of Rule 23(e) and due process. This Court has previously held the Notice and notice plan to be the best practicable under the circumstances. The Court ordered notice by mail to identifiable Class Members, as well as the widespread publication of notice, constitute sufficient notice to all persons entitled to notice, and satisfy the Constitutional requirements of notice.

10. The Court reconfirms the appointment of Thomas M. Sobol and Steve W. Berman of Hagens Berman Sobol Shapiro LLP, Jeffrey Kodroff of Spector Roseman & Kodroff, PC,

Mark H. Edelson of Edelson & Associates LLC, and Kenneth Wexler of Wexler Toriseva Wallace LLP as Lead Class Settlement Counsel for the putative Class.

11. The “Released Claims” (as defined below) of any and all Class Members are HEREBY DISMISSED WITH PREJUDICE against all “Released Entities” (as defined below):

Released Claims: Any and all known or unknown claims, demands, actions, suits, causes of action, damages whenever incurred whether compensatory or exemplary, liabilities of any nature or under any theory whatsoever, including costs, expenses, penalties and attorneys’ fees, in law or equity, that any Releasor who has not timely excluded themselves from the Class, whether or not they object to the settlement, ever had or now has, directly, representatively, derivatively or in any capacity, arising out of any conduct, events or transactions relating to the collection, calculation, formulas, mark-up, determination, dissemination, publication of, and representations concerning, the AWP or BBAWP or similar data published or disseminated by First DataBank, Inc. electronically or otherwise for any prescription pharmaceuticals, including but not limited to, the allegations contained in the action entitled *New England Carpenters Health Benefits Fund et al. v. First DataBank, Inc., et al.*, Civil Action No. 1:05-CV-11148 (D.Mass.).

“Released Entities” means First DataBank, Inc., its parent, subsidiaries, and affiliates and their (including First DataBank Inc.’s) past, present and future officers, directors, trustees, employees, agents, attorneys, shareholders, predecessors, successors and assigns; provided, however, that Medispan, a division of Wolters Kluwer Health, Inc., its parent, subsidiaries, and affiliates and their (including Medispan’s) past, present and future officers, directors, trustees, employees, agents, attorneys, shareholders, predecessors and assigns (collectively referred to herein as “Medispan”) are excluded from the term Releasees and Released Entities, except for (1) the period when Medispan was owned by First DataBank, and (2) the period from December 19, 2001 to and including October 2, 2004, when First DataBank was required to divest the Medispan business and provide related editorial and consulting services to Medispan, which during these periods (1) and (2) above, Medispan is included in the term Releasees and Released Entities.

12. By entry of this Final Order and Judgment, each Class Member, and all other persons and entities claiming by, through, or on behalf of, a Class Member, are hereby forever barred and enjoined from commencing, filing, initiating, instituting, prosecuting, maintaining, or consenting to any action against the Released Entities with respect to the Released

Claims and forever discharge and hold harmless the Released Entities of and from any and all Released Claims which the Class Member has or may hereafter have.

13. This Final Order and Judgment notwithstanding, this Court retains continuing jurisdiction over the case, the Proposed Settlement, this Final Order and Judgment, the Class Members, the Plaintiffs and FDB for the purpose of administering, supervising, construing and enforcing the PSA and the Final Order and Judgment, and supervising the management and disbursement of the settlement and disputes that arise under the PSA.
14. Pursuant to the All Writs Act, 28 U.S.C. § 1651, this Court shall retain the authority to issue any order necessary to protect its jurisdiction from any action, whether in state or federal court, that threatens to undermine the settlement in this case and this Final Order and Judgment.
15. The Court also finds, following an evaluation of Class Counsels' fee petition against the factors set forth in *In re Lupron Mktg. & Sales Practices Litig.*, that the Class Counsel fees are reasonable and employ a reasonable percentage of the actual benefit of the class settlement to the Class and that Class Counsel's Motion for Approval of an Award of Attorneys' Fees is hereby approved. 2005 U.S. Dist. LEXIS 17456, at *12 (D. Mass. Aug. 17, 2005) (citing *Third Circuit Task Force, Court Awarded Attorney Fees*, 108 F.R.D. 237, 255-56 (1985)). With respect to the *Lupron* factors most relevant here, the Court finds that Class Counsel have expended considerable time and labor in the negotiation and implementation of the Proposed Settlement, and that this work will be on-going; that the efforts of Class Counsel have resulted in a resolution that confers substantial benefits on members of the Class, and that those benefits are comparable to other similar settle-

ments and were achieved sooner than most, if not all, similar settlements; that Class Counsel undertook this matter with no guarantee of payment and thus shouldered considerable risk; and that the attorneys' fees award in this case is not inconsistent with awards in similar cases.

16. FINAL JUDGMENT is hereby ENTERED directing First DataBank, Inc. to comply with the terms of the Settlement Agreement as herein described.
17. FINAL JUDGMENT is hereby ENTERED dismissing with prejudice all Released Claims of the Class against all Released Entities as herein described.
18. Pursuant to FRCP 54(b), the Court determines that there is no just cause for delay and expressly DIRECTS the ENTRY OF JUDGMENT on all issues contained in this Order.
